

The 7th Beijing International Printing Technology Exhibition

Date: May 12-16, 2009

Venue: New China International Exhibition Center, Beijing

Komori Booth: E1-028

At China Print 2009, Komori will conduct various live demonstrations per day by 3 sheetfed offset presses under our main theme, "Five Solutions" and corporate slogan, "Kando: Beyond Expectations".

At the Komori booth, we will set up the latest printing presses, which fulfill various demands in the print industry. Moreover, we will introduce the details of its superior performance in the presence of customers.

1. Incomparable effective and high-quality printing on the sheetfed perfecter press LITHRONE S-440SP
2. Installed Full-APC, ink, blanket, automatic impression cylinder cleaning and KHS-AI on the LITHRONE S-440
3. Flexibly dealing with small-lot printing on the LITHRONE S-429
4. Improving on-site production management to the max via DoNet and CIP4/JDF

The printing presses to exhibit at China Print 2009 considered enough environments and the spirit of generous cooperation to this environmental protection has already been built into the basic philosophy of corporate management of Komori Corporation.

"Kando: beyond expectations" is an idea that our service team has been pursuing as earlier. The service corner of the Komori booth is set up for customers to understand details of our service.

In addition, we will hold the technical seminars on May 13 and 14. The experts in each field will give you specific and understandable lectures. We hope that you will be joining us (only in Chinese).

Taking this opportunity, we would like customers to know more about Komori Corporation, and we would like to learn more about customers as well.
